

Intern Application

The Women's Center is here to provide a supportive space and resources to all women. The population we serve is very diverse, and includes homeless women, women with mental health challenges, a wide age range and many cultures and personalities. It is a unique community where we work together to cultivate empowerment and humanity. Interns and volunteers are encouraged to take the initiative to be independently and actively involved so that they can experience the most learning and growth. If you are interested in such an opportunity, we would like to hear from you.
